

Remarks/Arguments

1. Claim 16 was indicated as containing allowable subject matter. Applicant has cancelled claims 15 and 16 and included the limitations thereof in claim 1. Claim 1 and the claims depending therefrom should now be allowable.
2. Applicant has also included the limitations of claims 15 and 16 in independent claims 17, 18, and 21, and believes that these claims, and those depending therefrom are now allowable.
3. In summary, claims 1, 17, 18, and 21 have been amended, claims 15 and 16 have been cancelled, and claims 1-14, and 17-21 remain in the application. Applicant submits that all rejections have been overcome, and respectfully requests that they be withdrawn and that the application be allowed.

Pursuant to currently recommended Patent Office practice, the Examiner is expressly authorized to call Applicant's attorney, collect, at Lancaster, Pennsylvania, if in her judgment disposition of this application could be expedited or if she considers the application ready for final disposition by other than allowance.
